

The Grassroots Project in Vermont

Sterling Institute

1982-1983

K. STEPHEN WILLIAMS, B.S. in Mechanical Engineering, 1973, Worcester Polytechnic Institute. Mr. Williams, a former mechanic and professional engineer, is plant manager. He is working on developing a long-term plan for Sterling's physical plant in addition to instructing Support Systems. Mr. Williams is also involved in managing the town water system. An avid deer hunter and fisherman, he and his wife, Cheryl, live in Madison House.

STEVE E. WRIGHT, B.S. in Biology, 1963, Georgia Southern College; M.S. in Fish and Wildlife Biology, 1967, University of Georgia. Mr. Wright is Director of Admissions and is Director of the Guidance and Career Resource Office. He also has responsibilities in The Rural Resource Management Program. Mr. Wright has past experience with the Extension Service as a county agent in Georgia and with fisheries management research in Washington State. He recently returned from a two-year appointment as a Wilderness Resource Specialist with the Moose Creek Ranger District, Nezperce National Forest, Idaho. Steve and his wife, Susan, and their two sons live in Jefferson House.
